

Removal Sale Continues**Until Saturday, Nov. 4th**

After that date look for us at our new store, 6 East Washington St. We are closing out our

KUPPENHEIMER CLOTHING

at 20 per cent discount until then.

The Mills-Clanton Co.

Next to Phoenix National Bank.

106-108 W. WASHINGTON ST., PHOENIX

Forty years ago the Kitchen Range was practically unknown. Thirty years ago a water supply in the kitchen was hardly thought of.

Twenty years ago not one family in a thousand enjoyed the luxury of a refrigerator.

Ten years ago the Kitchen Cabinet was an untried experiment. Today every kitchen has its range, nearly every one its sink and water supply; most of them have refrigerators, and the more modern ones their Kitchen Cabinets.

Is yours a modern kitchen?

OF LOCAL INTEREST

RATHBONE SISTERS ENTER-TAINED—The Rathbone Sisters last night entertained the members of the K. of P. lodge at the lodge rooms of the latter. After a delightful luncheon there were games and music.

AT THE HOTEL ADAMS—Doctor and Mrs. L. H. Goodrich, who returned here some time ago, have taken a suite of rooms at the Hotel Adams, which will be their home for the winter.

KISSED THE BLARNEY STONE—W. Martin returned a few days ago from a three months' visit to his former home in Ireland. He says he made it his particular business to kiss the Blarney stone this time, for he has come back to Arizona to stay.

GLAD TO RETURN—Mrs. M. H. Martin, of No. 541 South "Fifth and a half avenue," returned Thursday from her summer's visit at her former home in Minneapolis. Mrs. Martin tells with enthusiasm how nice it seems to her to be back in Phoenix, for her last month's stay in Minnesota was made disagreeable by cold and rainy weather.

PRESBYTERIAN MINISTER HERE—Rev. Henry M. Campbell, formerly of Pueblo, Colo., who has been engaged to fill the pulpit of the First Presbyterian church for the next six months, arrived in the city yesterday morning. Mr. Campbell is accompanied by his

Have you heard about Donofrio's Cactus Candy?

wife, and they have taken apartments for the winter at the Sixth Avenue hotel.

SURVEYS APPROVED—The surveyor general has approved of the survey of the Silver King, Smuggler and Mendota lode mining claims, situated in the West Huachuca mining district, Cochise county, Arizona. The survey is designated as Survey No. 2957, and is owned by Charles P. Colett.

PRESBYTERIAN CHURCH—Services tomorrow as follows: Sunday school at 9:45; preaching at 11:00 a. m. and 7:30 p. m. by Rev. Henry M. Campbell. The morning theme will be "The Christians' Watchword." Text, Exodus 14:15. Evening theme, "The Mind of the Master." Text, Philippians, 2:5. Christian Endeavor at 6:30 p. m. Congregation meeting with roll-call. All are cordially invited to these services.

DISTRICT COURT—In district court yesterday in the case of Margaret McKeone against Grant Bros. Construction company the defendant was given judgment. In the case of John A. Sturges against Mallory W. Milligan the plaintiff was given judgment and foreclosure was ordered. A second case of the same title was dismissed on the motion of the plaintiff. The suit of T. Herbert Taylor against Ernest W. Gragg was continued until November 4.

CENTRAL M. E. CHURCH SOUTH—Services both morning and evening. The Salvation Army will conduct the morning service, under the leadership of Col. Geo. French, the head officer of the Salvation Army on the Pacific coast. Rev. R. A. Fields will preach in the evening. Sunday school at 9:45. Dr. H. A. Hughes, superintendent. Epworth League consecration meeting at 6:30 at which every member will be expected to answer with a scriptural quotation or otherwise, when called upon by the secretary. Prayer meeting next Wednesday evening.

ONE OF TWO SIGNS OF RAIN—It was predicted by The Republican a week ago that it would rain shortly. There was nothing in the clouds or in the barometer to justify that prediction, but the main fact was that George Alkire had left town. Ever since then rain signs have been multiplying, in conjunction with the absence of Mr. Alkire from this city there is the forthcoming annual meeting of the Woman's Relief corps, when it always rains.

DUCK HUNTING—The duck hunters are getting their heads to gether. The change in the weather reminds them that storms in the mountains will bring the mallards and other large ducks into the valley. Other ducks are quite numerous already, and bags of twenty-five or thirty for two hunters have been reported several times in the past two weeks. Quail being more plentiful than for several years keeps most of the shooters engaged in that direction rather than for ducks.

STARTED YESTERDAY—There has been considerable anxiety among the people concerning the delay of Theodore Hapke, the moving spirit in the best sugar factory project, who was expected here a couple of weeks ago. A telephone message from Lafayette Myers, Mr. Hapke's representative here, was received from Glendale last night. Mr. Myers said that he did not know the cause of Mr. Hapke's delay, but that he had just received a message from him, saying that he would leave Chicago last night for Glendale.

MIDWAY NAMES—Suggestions of names for the fair midway continue to be submitted to the committee having the work in charge, the list yesterday coming from many territorial points and several points in the east and on the coast. It is as follows: The Park, The Temple, The Horn, The Valley, The Whirlpool, The Mine, The Sunbeam, Alkali Hole, Sugar Beet Windy, Reclamation Place, Bedlam, Windy

Wave, The Retreat, The Checkerboard, The Hub, Arizo-Olla, Arizo-Aqua, Wizard's Way, Wildering Way, Wis Way, Gila Monster, The Roundup, The Ledge, The Milky Way, The Prospect, Prospect Street, and Anti-Joint Way. The last named contributor also suggested that the name of the street would if his suggestion was used, be largely advertised.

HASSAYAMPA CLUB ROBBED—The Hassayampa club some time Thursday night or early yesterday morning was entered by a burglar and the cash drawer of the buffet run in connection with the club was broken open and \$49.50 extracted and carried off. The burglar left no clue to his identity and the officers of the club have not yet reported the affair to the police. The last person to leave the club was Frank Hawkins, the steward who closed up about ten minutes to eleven o'clock. The next morning when he came to work about 6:20 he discovered the cash drawer had been pried open, the burglar to all appearances having used an ice pick which he left lying near at hand. Further investigation showed that entrance had been effected through one of the rear windows of the club rooms which opens on the roof of an adjoining building. The total loss amounted to \$49.50 but more could have been secured for in the same drawer were checks and currency amounting to a little less than \$200. The checks were payable to bearer and could have easily been realized on.
